p 115, l 12: Delete the word “of”.

p 128, l -3: Replace the equation “ $t_\eta = t + t'$ ” by “ $t_\eta = t + t'_\eta$ ”.

p 150, l -18: Delete the words “which is fixed by the subgroup”. The correct assertion is that, for any compact subgroup K of the subgroup in question, the critical point of f can be chosen to be fixed by the action of K .
